# **MYTHS VS FACTS - #1**

**MYTH: The vaccine will alter my DNA**

**FACT: None of the vaccines interact with your DNA**

## **MYTHS VS FACTS - #2**

**MYTH:** The vaccine injects you with a microchip

**FACT:** Vaccines contain a variety of salts, fats, and other chemicals, but no microchips or tracking devices

# **MYTHS VS FACTS - #3**

---

**MYTH:** The vaccine will affect my chance of getting pregnant now or in the future.

**FACT:** No evidence that loss of fertility is a COVID vaccine side effect.

Thousands of women who have gotten the vaccine have gotten pregnant. ACOG calls loss of fertility due to a vaccine “scientifically unlikely.”

The background of the slide features a large, faint, circular seal of the State of Delaware. The seal contains the text "SEAL OF THE STATE OF DELAWARE" around the top and "1704 • 1776 • 1787" around the bottom. In the center of the seal is a figure of a person standing next to a shield, with a banner below them.
